Subject: Application for Iskolar ng Laguna Scholarship

Dear Scholarship Committee,

Good day! I am Juan Dela Cruz, a first-year student currently enrolled in the Bachelor of Science in Information Technology program at Laguna State Polytechnic University - San Pablo City Campus.

I am writing to express my sincere intent to apply for the Iskolar ng Laguna scholarship program. I was born and raised in San Pablo City, and I am proud to be a Lagunense. Coming from a low-income family with only my father working as a tricycle driver, we find it difficult at times to sustain my educational needs. This scholarship would be a great help to ease our financial burden and allow me to continue my studies without interruption.

Enclosed are my requirements including my certificate of registration, copy of grades, barangay clearance, and a photocopy of my school ID as per the application instructions.

Should I be given the opportunity to become one of your scholars, I pledge to maintain good academic standing and give back to the community through service and dedication.

Thank you very much for considering my application. I look forward to the chance of becoming one of the proud scholars of Laguna.

Respectfully yours,

Juan Dela Cruz
